

AI and the environment

Posted by u/BubblyOption7980 • 0 points • 3 comments

Let's face it: AI and its data center infrastructure are energy-hungry. So, what should be done about it?

Question Discussion Guidelines

Please use the following guidelines in current and future posts:

- * Post must be greater than 100 characters - the more detail, the better.
- * Your question might already have been answered. Use the search feature if no one is engaging in your post.
- * AI is going to take our jobs - its been asked a lot!
- * Discussion regarding positives and negatives about AI are allowed and encouraged. Just be respectful.
- * Please provide links to back up your arguments.
- * No stupid questions, unless its about AI being the beast who brings the end-times. It's not.

Thanks - please let mods know if you have any questions / comments / etc
