PSA you can be Pro-AI art and still have strong feelings against environmental impact and deep fakes

Posted by u/Attack_on_tommy • 0 points • 3 comments

Like the post says, caring about environmental impact doesn't automatically make you anti. And it is also okay to be concerned with how indistinguishable AI is becoming and inevitably will become.

It's unlikely that pros have no idea that AI can be used to automate work

u/MicroscopicGrenade • 1 points • 2025-10-08 19:05 UTC

No shit
