Dear /u/Mental_Data_1705,

****Thank you for your submission! Please read the following.****

* ****Reply to the fulfiller with "thanks solution verified" once your request has been found.****

* Chances are high that the article you're looking for is already available! Search for its DOI/PMID/title ****here****(<https://libgen.is/>), or DOI/PMID/URL ****here****(<https://sci-hub.do/>). ****If this answers your request, please flair your post as *Found*.****

* If your article is not available via Sci-Hub/Libgen, be sure to provide us a full citation, a DOI or PMID or at least the ISSN of the journal, and a link to the paywall or [PubMed] (<https://www.ncbi.nlm.nih.gov/pubmed/>) record or, if you can't find one, a link to the journal's [WorldCat] (<http://www.worldcat.org/>) record.

* If your article is not available online, flair your post as ***Needs Digitizing***.

* If your request isn't urgent, please try an interlibrary loan (ILL) instead. ILL avoids potential copyright issues and lets libraries know which subscriptions are useful.

* If you receive a PM from someone asking you to pay for the article, please understand that this is against the spirit of the sub and we do not condone this. Message the mods if you believe it to be a scam.

* **Fulfill some requests while you wait for yours!**
